

Education

- Ph.D., Astronomy**, University of Arizona, Tucson, AZ 2015
Dissertation: “Adaptive Optics for Imaging Planetary Systems”
- M.S., Astronomy**, University of Arizona, Tucson, AZ 2012
- B.S. Astrophysics & Physics**, Univ. of Minnesota, Minneapolis, MN 2009
Summa cum laude with Honors in Astrophysics; Mathematics Minor

Research Experience

- Staff Scientist** 2017+
Jet Propulsion Laboratory, Pasadena, CA
- Nancy Grace Roman Space Telescope Coronagraph Instrument 2017+
 - Instrument Technologist 2019+
 - Project Science team member 2017+
 - Arcsecond Space Telescope Enabling Research in Astrophysics 2019+
 - Science team member
 - PI of JPL internal grant funding FY20 spacecraft operations and science
- Postdoctoral Researcher** 2015 – 2017
Stanford University Physics Department, Stanford, CA
- Gemini Planet Imager instrument performance assessment and operations
- Graduate Research Assistant** 2009 – 2015
University of Arizona Astronomy Department, Tucson, AZ
- Large Binocular Telescope Interferometer Adaptive Optics commissioning and operations
 - High-contrast imaging: low-mass companion characterization and targeted searches

Advising and Mentoring

- Isabel Kain (Undergraduate) Summer 2020
- Tyler Smith (Undergraduate/PhD student) 2019+
- Melisa Tallis (post-B.S. researcher; [paper](#)) March 2016 – 2019
- W. Jerry Xuan (Undergraduate. Primary advisor: Dmitry Mawet; [paper](#)) 2018
- Pierre-Cécil König (Master’s student) Summer 2016
- Ya-Lin Wu (PhD student. Primary advisor: Laird Close; [paper](#)) 2015 – 2016

Recent Professional Development

JPL Crucial Conversations Course	Aug 20-21, 2019
JPL Project Systems Engineering Course	May 20-21, 2018
Penn State Astrostatistics Summer School	June 5-9, 2017
Stanford Univ. Postdoc Teaching Workshop	Jan 26-27, 2017

Recent Service, Teaching, and Outreach

Reviewer for NASA Astrophysics, AJ	2015+
JPL Astrophysics Colloquium Committee Member	2018+
Stanford Physics Department Equity and Inclusion Committee Member	2016 – 2017
GPI Committee on Harassment Prevention Committee Member	2015
Instructor, Stanford University, PHYS 50, Observational Astronomy	Summer 2017
Public lectures and open houses	2009+
